Dear friends welcome to the July edition of **My Community Network** for keeping you informed of issues that I am representing you on at TMBC. I am a local family man, born and bred in Borough Green. Business man, ex - school governor, Parish & T&MB councillor. My mission includes building a network of support in my political work for improving our community and to represent our people. *This month's edition focuses on 'Highways England's Intelligent Highways Infrastructure changes*

Fact – Highways England has a target to reduce road user casualties and Accident Frequency Rates (AFR). New emerging technology has the potential to have a significant influence and impact on safety performance and thus HE are looking at all innovative opportunity to reach out and use new technology to improve safety here in Kent and UK.
