**Facebook: TfSE**

**Focus** –TFSE has broad aims of *Economy, Network Capability, Safety, Integration & Environment. West Kent (Tonbridge, Malling, Sevenoaks District communities are eaten alive by passing through traffic, suffering poor air quality because there are no M26/A21 East Facing Slip Roads in the vicinity of the M25 J5 Sevenoaks. TFSE have their £45 billion Draft Strategic Investment Plan (SIP) inviting the public to have their say. We need the community to send responses into the TFSE 2022 Draft Consultation requesting investment of the overdue slips infrastructure.*

Dear friends welcome to the June edition of **My Community Network** for keeping you informed of issues that I am representing you on at TMBC. I am a local family man, born and bred in Borough Green. Business man, ex - school governor, Parish & T&MB councillor. My mission includes building a network of support in my political work for improving our community and to represent our people. *This month's edition focuses on 'The Transport for the South East Draft Strategy Investment Plan'*

**Fact** – This is the culmination of the Transport For South East draft Strategic Investment Plan for the coming 3 decades to 2050. A draft plan and one that we hope will help to take National & European Traffic as well as Air Pollution out of our villages near our Schools, Shops and Post Offices where our children and elderly walk.

An important consultation on their Strategic Investment Plan inviting us all to have our say on the draft.

TFSE comprises 16 Local Transport Authorities, 5 Local Enterprise Partnerships, 46 District and Borough authorities & wider key stakeholders.
