**Focus** –MRN has 5 broad aims of reducing congestion, support economic growth, support housing, support all road users and support the strategic road network. West Kent (Tonbridge, Malling, Sevenoaks District) communities are eaten alive by passing through traffic, suffering poor air quality because there are no M26/A21 East Facing Slip Roads in the vicinity of the M25 J5 Sevenoaks. This MRN needs your email/letter or on-line completion sent to Highways England by 19 March 2018.

Dear friends welcome to the February edition of **My Community Network** for keeping you informed of issues that I am representing you on at TMBC. I am a local family man, born and bred in Borough Green. Business man, ex - school governor, Parish & T&MB councillor. My mission includes building a network of support in my political work for improving our community and to represent our people. *This month's edition focuses on 'UK Govt. Major Roads Network creation Consultation 2018'*

**Fact** – This is a consultation into the creation of a Major Road Network (MRN) and a Golden Opportunity for communities to let UK Govt. know how important it is for West Kent to have full connectivity between M26 & A21, and with the National Motorway Network in the vicinity of J5 Sevenoaks. To take National & European Traffic as well as Air Pollution out of our villages near our Schools, Shops and Post Offices where our children and elderly walk.

MRN – Please send email or go on line to tell UK Govt how important the J5 Slips are for us!
