**The Global Food Banking Network**

**Focus** – *Food banking feeds people while reducing waste. Food banking starts in the parish, grows in the borough, networking the County, serving our country and provides for the whole world. It is a global – cultural success that does not compete with commercial markets. Transforms communities throughout the world reducing hunger. Those with hunger receive food bank vouchers to exchange for emergency food. There are many food banks in our local T&M villages – charitable organisations waiting to help those in crisis and hunger.*

*Matthew 14:13*

Dear friends welcome to the January edition of **My Community Network** for keeping you informed of issues that I am representing you on at TMBC. I am a local family man, born and bred in Borough Green. Business man, ex - school governor, Parish & T&MB councillor. My mission includes building a network of support in my political work for improving our community and to represent our people *This month's edition focuses on 'Hunger and Food Banking'*

**Fact** - Worldwide there is enough food for everyone, yet nearly 800 million people suffer from hunger and malnutrition. A third of all human food is wasted. Food Banking depends on concerned people like you to deliver practical solutions that get food to hungry children and families. A food bank is a lifeline to the hungry - an essential community asset – no one should go hungry!
