**Focus** – *The wise use of minerals and sustainable waste management in the county are vital to the future prosperity of Kent. The Local plan provides a blue print for ensuring Kent's waste and minerals are supplied to support the community, business and environment, ensuring that Kent's minerals are used wisely with enough supply to Kent until 2030. Kent has resource extracted Clay, Chalk, Sand and Gravel. This local plan identifies and sets out all aspects of mineral and waste planning for the period from 2013 to 2030 and was formerly adopted as policy July 2016* **Romans 5 1:12**

Dear friends welcome to the July edition of **My Community Network** for keeping you informed of issues that I am representing you on at TMBC. I am a local family man, born and bred in Borough Green. Business man, ex - school governor, Parish & T&MB councillor. My mission includes building a network of support in my political work for improving our community and to represent our people. *This month's edition focuses on the Kent Mineral and Waste Local Plan from 2013 – 2030.*

**Fact** – The Plan describes the overarching strategy and planning policies for mineral extraction, importation and recycling plus the waste management of all waste streams that are generated or managed in Kent. Also the plan describes the spatial implications of economic, social and environmental change in relation to strategic minerals and waste planning. Managed by KCC.
