Focus – KCC announce the funding to tackle fly-tipping with an additional £250,000 to crack down on fly tipping, an anti – social crime often carried out by criminal gangs. KCC will be charging a modest fee for the disposal of soil, rubble, hardcore and plasterboard at all 18 Household Waste Recycling Centres. They are not sure what the response might be from criminal gangs. However, KCC will be launching a campaign for additional enforcement with the money being made available to the Kent Environmental Crime Waste Practitioner’s Group which includes Kent Police, EA and Local Authorities.

Dear friends welcome to the August edition of **My Community Network** for keeping you informed of issues that I am representing you on at TMBC. I am a local family man, born and bred in Borough Green. Business man, ex - school governor, Parish & T&MB councillor. My mission includes building a network of support in my political work for improving our community and to represent our people. *This month’s edition focuses on the prospect of KCC tackling fly tipping.*

Fact – So often when we are travelling through the Kent countryside, down the lanes of our beautiful borough, we can encounter rubbish left on the side of the road – commonly caused by ‘Fly Tipping’. Over 90% of fly-tipped waste we see in the county of Kent could have been disposed of free of charge at a Kent ‘Household Waste Recycling Centre HWRC’.
