Carbon Neutral Strategy 2030

**Tonbridge and Malling Borough
Councillor for the Borough Green
and Long Mill Ward**

timshaw1@btinternet.com

www.timshaw.info

Focus – *Local authorities are being urged to protect 'Green Spaces' to mitigate Climate Change. Adopting strategies and action plans to tackle climate change. They are being urged to include policies of stronger protection for green spaces in their plans, as these provide vital climate change mitigation. A sustainable – low carbon future is essential for our own sake, and that of future generations – to avoid the dangers of runaway climate breakdown. Local authorities are warned of failure to prevent development on Green Belt Countryside and Open Spaces – vital mitigation for Climate change.*

Dear friends welcome to the July edition of **My Community Network** for keeping you informed of issues that I am representing you on at TMBC. I am a local family man, born and bred in Borough Green. Business man, ex - school governor, Parish & T&MB councillor. My mission includes building a network of support in my political work for improving our community and to represent our people. *This month's edition focuses on the strategy of TMBC to be a Carbon Neutral borough by 2030*

Fact – On 9th July 2019, TMBC Members all but one Liberal Democrat abstention approved the plan to formulate a strategy to achieving a carbon neutral borough by 2030. The strategy will now develop into a 'Draft Plan' for presentation to the Full Council in May 2020. The aim is to reduce carbon emissions to zero in our borough by 2030.
